Second Major Advisor Signature _____ Date _____

Signature indicates degree audit has been completed and double major can be achieved according to requirements below.

Requirements for graduation with a bachelor's degree with a double major:

- Double major must be from two different fields within a single degree, either a BA or BS.
- Students wishing to complete courses in both the BA and BS degree areas should declare one degree as a major, the other degree as a minor.
- Double major must be declared and approved by the dean(s) of the college(s) offering the degrees before completion of 75 hours prior to graduation.
- Graduation requirements of both majors within the degree (a minimum of 30 unduplicated hours for the second major is required) must be completed and substitutions may not be used to fulfill the second major.
- The second major may be completed simultaneously or sequentially.
- No degree will be awarded until both majors are complete. Students must follow catalog requirements of each major in place at the time each major is declared.
- A student with a double major will be required to complete a minimum of 154 hours.
