

Financial Aid Authorization

The University of Arkansas - Fort Smith must request your authorization if you plan to use federal financial aid (grants and/or student loans) or scholarships to pay for educational expenses other than tuition and fees.

- YES. I plan to receive federal financial aid (grants and/or student loans) or scholarships, and give UAFS authorization to use my financial aid to pay ALL charges on my student account. These charges include but are not limited to tuition, fees, books (purchased in the campus store), supplies, housing charges, meal plans, and late registration fees, parking fees, and returned check charges. Please note that federal financial aid is intended to be used for costs associated with a student's education.
