INTRODUCTION SECTION 1

INTRODUCTION

The Board of Trustees of the University of Arkansas, acting for and on behalf of the University of Arkansas at Fort Smith (“the University” or “UAFS”), is seeking competitive proposals for furnishing all equipment, materials, supplies, and labor to provide for the supply and service of Snack Vending Machine Services for the students and staff/faculty at various locations throughout the University of Arkansas at Fort Smith campus.

Proposals shall be in accordance with the terms, conditions and requirements set forth in the Request for Proposal (RFP).

This is a rebid of current services. The University has held an exclusive contract with Imperial Vending since 2013 and that contract has reached maturity. UAFS has snack machines throughout campus (see Exhibit for locations). This RFP process will be an open-minded review of all options available to UAFS and is not intended to only satisfy requirements of Arkansas procurement law and contract term limits.

The goal of the University is to enter into an exclusive agreement with a single qualified and reputable Vendor to furnish the items and services stated herein. The main objective is to enter into an agreement and partnership with the successful Vendor for snack vending machine services to enhance current operations and service levels while maximizing financial support to the University.

By submitting responses, each Respondent certifies that it understands this RFP and has full knowledge of the scope and nature of the opportunity described herein. Each Respondent also certifies that it understands that all costs relating to preparing and responding to this RFP will be the sole responsibility of the Respondent.

OVERVIEW OF THE UNIVERSITY OF ARKANSAS AT FORT SMITH

The University of Arkansas at Fort Smith was established in 1928 as a junior college extension of the public-school system. Most of its history is that of a two-year institution that has operated under several names including Fort Smith Junior College, Westark Junior College, Westark Community College, and Westark College.

On December 15, 2000, the respective governing boards of Westark College and the University of Arkansas System entered into an agreement to merge Westark with the System as a four-year, baccalaureate institution. UAFS became a four-year university and joined the UA System on January 1, 2002.

UAFS offers a dynamic learning environment for over 5,000 students each semester. Small class sizes and applied learning opportunities support the student-centered education that has defined the University since its founding. UAFS offers 60 bachelor's and associate degrees, 35 certificates, and a master's program with state-of-the-art campus facilities utilized by every program to ensure the most up-to-date, hands-on training.

Students can also participate in more than 100 student organizations, such as Greek Life, intramural sports, academic societies, and cultural groups. For students who want to live in the thick of campus life, UAFS offers a residence hall with a full-service dining facility and an apartment complex for upper-level students.

UAFS is one of 18 academic institutions and affiliates governed by the University of Arkansas System Board of Trustees and administered by the president of the System. System offices are in Little Rock, AR. As a public university, UAFS is overseen by the Arkansas Division of Higher Education.

OVERVIEW OF REQUEST FOR PROPOSAL SECTION 2

The University is seeking to award a term contract to the successful Vendor that can provide the best overall value to the University. The University reserves the right, in its sole discretion, to award a contract to the Vendor that provides the most advantageous proposal for the University. Within this RFP, Vendors will have the opportunity to quote on an exclusive University-wide proposal for snack vending machine services that ensure a high level of revenue to the University while balancing that goal against a competitive marketplace for the products.

CONTRACT TERM

The term of the contract will be up to ten (10) years. The contract term is expected to commence in early 2024 and upon mutual agreement, may continue through the end date of December 31, 2033, unless terminated or amended pursuant to the terms of this RFP.

BEST RESPONSE REQUIRED

Each Vendor must present its best comprehensive proposal covering the areas outlined in this RFP.

Proposals must demonstrate an understanding of the Vendor's responsibilities and the ability to accomplish the tasks set forth and must include information that will enable the University to determine the Vendor's overall qualifications.

MINIMUM EXPECTATIONS

All Vendors must review the RFP requirements carefully and develop a proposal that at a minimum meets the expectations outlined herein.

CURRENT VENDING OPERATIONS

The University has snack vending machines throughout the campus.

See Exhibit A for number and locations of the machines.

Beverage vending is not part of this Request for Proposal.

3. Vendor must specify and describe vending commissions, charges, costs and the types of discounts or cost benefits being offered to the University and any other financial incentives for consideration.
4. Vending commissions must be based off gross sales less the sales tax paid to the state by the Vendor. If the Vendor offers varying commission rates per product type, then the Vendor must clearly state the rate structure and the rationale behind it.

6. The firm or individual must provide excellent service to the University and have an outstanding reputation in their field. The contract will be awarded to the Vendor who best satisfies all the needs of the University at optimum revenue and service performance.

B. PRODUCTS OFFERED

1. The snack Vendor will provide a variety of snacks, including traditional items and healthy option snacks. Snacks include chips, candy, pastries, and gum. The items that will be dispensed shall be determined by what is proven to result in the highest sales at a particular location based on actual and projected customer demand. Once the University has approved the initial product line offered, the Vendor will be allowed to add or delete products with prior written approval from UAFS. The University reserves the right to request that a product be replaced or removed at any time.
2. The Vendor will provide high quality, fresh merchandise.
3. The Vendor must mark and visibly display all perishable food products with an expiration date and must immediately replace all such products that have expired.

In addition, for identification purposes, each machine shall have serial or ID numbers that are visible and easily located.
3. Installation, service and removal of vending machines and related equipment shall be the sole responsibility of the Vendor at no additional cost to UAFS.
4. Vendor shall assume all risk and responsibility for any loss, destruction, or damage occurring to the machines or other vending equipment. All vending equipment shall be equipped with multiple payment options, including a coin mechanism accepting any combination of **nickels, dimes, and quarters, a dollar bill validator, and debit/credit cards, student card readers, and the ability to accept any future UAFS issued account or payment cards.** As additional payment technologies become available and generally accepted within the vending industry, expanded payment options for the credit/debit cards or student card readers are expected to be incorporated into on-campus vending machines by the Vendor.
6. To ensure accurate record keeping, all machines shall be equipped with non-resettable counters, which indicate unit sales. If multiple products are dispensed from the same machine, a separate dispensing counter is required for each separate commission rate dispensed. Upon initial installation of the machines, Vendor shall submit starting machine counter numbers to UAFS for each vending machine.
